Enthusiastic and detail-oriented Frontend & Mobile Developer with 3+ years of experience in building scalable web and mobile applications using React, React Native, and Node.js. Passionate about creating impactful user experiences and continuously learning new technologies.

WORK EXPERIENCE

PT. Pola Inti Perkasa

Web Developer (Full Time) | Sept 2022 – Now

- Managed and maintained multiple websites owned by subsidiaries under PT Pola Inti Perkasa.
- Regularly coordinated with the internal team and the Chief Technology Officer (CTO) to determine development priorities and system improvements.
- Implemented and developed new features based on business needs and requests from each subsidiary.
- Utilized technologies such as React, Next.js, Express.js, and MySQL for web application development.
- Used Notion for documentation and task management, Git for version control, and Postman for API testing.

PT. Logos Indonesia Mandiri

Mobile Developer (Freelance) | Mar 2024 – May 2025

- Developed a mobile application focused on mental health counseling services using React Native, Firebase, Zustand, and Tailwind CSS.
- Built core features such as counseling session booking, real-time chat between clients and counselors, detailed counselor profiles with specialties and ratings, session history and user progress tracking, as well as automated notifications for schedule reminders and important messages.
- Collaborated with the UI/UX team and backend developers to ensure seamless system integration.

IIS SMP Progresif Bumi Shalawat

Web Developer Tutor (Freelance) | August 2021 – June 2023

- Taught the fundamentals of web development (HTML, CSS, JavaScript) to junior high school students as part of an extracurricular program across two classes (±20 students per class).
- Designed the Semester Program Plan (RPS) and developed teaching materials to support a structured learning process.
- Mentored students in final projects, including personal websites and simple blogs, as practical applications of the lessons.
- Coordinated with the extracurricular supervising teacher to align activities with the school's overall program.

SMPN 52 Surabaya

Pelatih ekstrakurikuler Teknologi Informasi Komunikasi (TIK) (Freelance) | Okt 2020 – June 2023

- Conducted both in-person and online teaching sessions for junior high school students.
- Developed Semester Lesson Plans (RPS) and prepared instructional materials for students.
- Facilitated hands-on learning using Scratch, a visual programming language for beginners, by guiding students to create simple games.
- Taught basic computer skills, including Microsoft Word, PowerPoint, and Excel.

EDUCATION

2015 – 2020

Universitas Dinamika (formerly STIKOM Surabaya)
Bachelor's Degree in Information Systems

PERSONAL SKILLS

- Programming Languages:
JavaScript (ES6+), TypeScript, PHP
- Framework & Libraries:
React, React Native, Next.js, Express.js
- Mobile Development:
React Native, NativeWind, Expo
- Backend & Databases:
Node.js (Express), MySQL
- Tools & Platform:
Firebase, Git, GitHub, Figma, Postman
- API Integration:
RESTful API, Firebase Cloud Messaging (FCM)

TRAINING & INTERNSHIP

SanberCode

Next.js | Januari 2024 – Februari 2024

Completed a two-month intensive training on Next.js, covering advanced concepts such as routing, API integration, and server-side rendering. Final project: built a basic Twitter-inspired social media platform using Next.js, React, and Tailwind CSS.

PT. Cerita Progresif Indonesia

Frontend Engineer | Februari 2022 – Mei 2022

Developed, maintained, and continuously improved mobile and web applications for Diceritain. Took ownership of weekly deliverables and ensured timely completion using React Native and React.js. Contributed to both frontend development and UI/UX enhancements.

Binar Academy

Fullstack Web Js | Juli 2021 – Februari 2022

Graduated from the Fullstack JavaScript Web Development program at Binar Academy. Curriculum included HTML, CSS, JavaScript, RESTful APIs, backend development, Next.js, Git, and CI/CD pipelines. Successfully delivered a web-based game as the final capstone project.

Coding Experience Bootcamp 2020 CfDS X Progate

Center for Digital Society (CfDS) UGM | Agustus 2020

Participated in the 2020 Coding Experience Bootcamp organized by CfDS and Progate, focusing on foundational web development skills using HTML, CSS, JavaScript, Node.js, and MySQL.

Dinas Kesehatan Kota Surabaya

Web Developer | Juni 2019 – Agustus 2019

Built a web-based system to assist the HR and Facilities departments in streamlining the placement process of medical staff across clinics and hospitals. Utilized HTML, CSS, and MySQL to develop user interfaces and manage data efficiently.
